PRE-EVENT RAFFLE

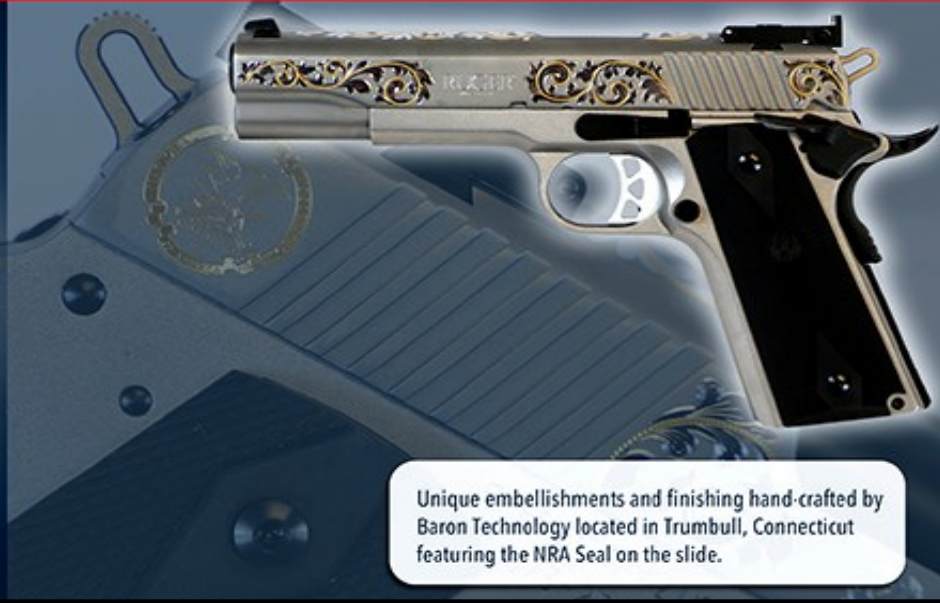

EXCLUSIVE FIREARM

2019 Ruger® Engraved SR1911®

Don't miss the chance to add this custom *Friends of NRA* Ruger® SR1911® 10mm to your firearm collection. This handgun differs considerably from previous pistols and may arguably be one of the best 10mm 1911 handguns ever built. The SR1911® features fully adjustable rear sights, a new front post sight design, and a belled barrel with bushingless lockup. The 10mm auto cartridge is powerful, giving handgun enthusiasts a viable cartridge for hunting. The Ruger® SR1911® 10mm is a stainless steel pistol built on the full length or Government Model frame. The barrel, slide lock, slide lock safety, and grip safety are a classic black finish. The extended slide lock safety offers a positive indent while both the trigger and hammer are skeletonized. To improve quality, all manufacturing of the SR1911® is produced from the same bar stock and on the same machine.

Friends of NRA partnered with Baron Technology to create the custom embellishment design, which features the NRA logo in a beautiful gold inlay on the slide. This true one-of-a-kind pistol is a highly collectible piece that deserves to be enjoyed on the range and display.

- Chambered in 10mm Auto
- Stainless Steel Slide
- Black Rubberized Grip Panels
- Skeletonized Trigger and Hammer
- Oversized Ejection Port and Extended Magazine Release
- Made in the USA

Unique embellishments and finishing hand-crafted by Baron Technology located in Trumbull, Connecticut featuring the NRA Seal on the slide.
