

Sig Sauer PMCX-300B with Dead Air Silencer Raffle!

Only 100 tickets, \$100/each

The National Capital Friends of NRA are proud to offer just 100 tickets, \$100 each, in a raffle to win a Sig Sauer PCMX Pistol-300B with a Dead Air Sandman K-7.62 Silencer! The prize is similar to above image. Thank you, Silencer Shop of Austin, Texas for furnishing this hard to find gun!

This Sig Sauer MCX Rattler Canebreak is the newest edition to their popular MCX line. Out of the box, the MCX Rattler comes with a factory-installed faux/inert silencer that makes it fully operable while waiting to obtain your NFA paperwork for the silencer. Once the paperwork is approved and you pick up your silencer, the MCX Rattler can be easily converted to the suppressed firearm you've been waiting for. Also touted for its 2-stage flat-blade match trigger and pivoting contour PCB folding brace, the Rattler's customization and maneuverability provides the utmost comfort.

The winner of our raffle will be responsible for any applicable transfer fees and taxes and must assure their own compliance with all applicable firearms laws, including registration with ATF for the silencer according to the National Firearms Act. The winning ticket will be drawn when all raffle tickets are sold. Net proceeds from the raffle will be used to support grants by the NRA Foundation, a nonprofit organization for 2nd Amendment-related education. Previous grants have benefited high school shooting teams, hunter safety, law enforcement training, and the National Firearms Museum. The above image is similar to the prize. Thanks for your support!
