

# Bump It

**Don't worry Bump It is not a new dance routine!**

**Bump it is basically an exclusive raffle inside the Live Auction.**

**When a person wins a Live Auction item by being the highest bidder, we will ask them if they would like a bump for \$100. If they say "yes" we will give them a ticket for an exclusive auction that only live auction winners can participate in and we will add \$100 to their auction item.**

**If a person declines a Bump, then we will hold that ticket and auction it off to the highest bidder.**

**At the end of the Live Auction, we will draw a winner for the Bump it Raffle Prize**
